~ HATHA YOGA CLASSES ~

YOGA: This style focuses on form, precise alignment and awareness. The subtleties of engaging our bodies within each pose are carefully demonstrated. Most suitable for people who have concerns about new (or old) injuries and/or movement restrictions. Expectant Mothers Welcome. It is taught in the tradition of BKS Iyengar.

YOGA & MEDITATION: This class includes 10 minutes of seated meditation at the end of the class.

VINYASA: is generally known as Flow Yoga. Here, the emphasis is on linked poses, the breath and fluid movement. These classes are fun and slightly aerobic. For all levels.

GENTLE VINYASA: Like Vinyasa yet the gentle movements are great for building strength slowly. A great pairing with Pilates Classes Generally concludes with Restorative poses.

RESTORATIVE YOGA: Poses are used to renew, revive and open the body. Propwork, and Pranayama basics will be covered.

PILATES: The small movements of Pilates improve balance and core strength. It does this in part by reinforcing the bond between the mind and the body's muscles in the core. This leads to better posture and may ease chronic low-back pain.
